

CIVILS MANAGEMENT

Our experienced team of engineers, site managers, and technical specialists excels at delivering tailored infrastructure solutions in diverse and challenging environments.

At Av-Comm, we take a forward-thinking approach to every stage of civil works - from initial planning through to final delivery. We collaborate with local crews and partners to implement advanced construction techniques and ensure every project meets the highest standards of quality, safety, and compliance.

OUR SERVICES INCLUDE:

- ◆ Concrete Works & Structural Foundations
- ◆ Reinforcement & Steel Fixing
- ◆ Site Preparation & Earthworks
- ◆ Perimeter & Access Infrastructure
- ◆ Surveying & Mapping
- ◆ Project & Subcontractor Management
